

# \_HARDWARE DESIGN MASTERCLASSES #5

2 DAYS!

27-28 NOVEMBER-2025, WROCLAW POLAND

**HARDWARE DESIGN MASTERCLASSES** AN INDUSTRY EVENT!

**Hardware Design Masterclasses (HDM)** is a one-of-a-kind conference on the Polish market – 100% focused on the practical aspects of hardware design. It brings together design engineers, technical leaders, and R&D managers involved in the design, testing, production, and implementation of modern electronic systems. Conference takes place in **Wroclaw, Poland**.

## WHAT MAKES **HDM** UNIQUE?

- 🎯 Strong focus on practical knowledge sharing
- 📊 Case studies, real-world measurements, and design demos
- 👥 A proven platform for networking and new business opportunities

Since the first edition, the conference has attracted **over 400** professionals from the electronics industry – engineers, developers, decision-makers, and innovators.

## 5TH EDITION OF **HDM**

NOVEMBER 2025

Due to growing interest, the 5th edition of the conference is planned to be extended to **two days**. This will give participants even more time to deepen their knowledge, attend additional lectures and workshops, and take part in broader exchanges of experience.
